Building success with the business telephone leader

With Liquid Crystal Display and third generation handsfree capability, the M5316 offers powerful time-saving and productivity features. This phone is designed to maximize use of Meridian® Digital Centrex features and recommended for busy professionals who conduct much of their business by phone.

Combined with the M522 Meridian® Mate Expansion Module, the M5316 can also be used as a mini-console.

Convenience Features for Increased Productivity:

- On-hook dialing for convenient call setup or access to voice mail
- Feature/line indicator to let you know at a glance if a feature or line is in use
- Visual message waiting indicator that works in combination with a message center application or your voice mail system to let you know when you have a voice mail message
- Primary Directory Number (PDN) that is automatically selected for outgoing calls when you lift the handset
- Hold and Release keys for better call processing
- Last Number Redial to automatically store the last number you dialed, making it easier to reach busy numbers

Power Features for Increased User Control

- Power Feature key (optional) to let users add, delete, or change MDC features on their sets
- Inspect key (optional) to give users access to information about the set's assigned features and about incoming calls
- Program key to let users enter the programming mode to set up local features, such as time and date and the call timer
- Mute key to turn off the microphone when you want to conduct a private conversation in your office

Expansion Capabilities for Improved Call Coverage

- Supports the M522 Meridian Mate Expansion Module, a 22-button add-on unit (add up to two expansion modules for a total of 44 additional buttons with associated LCD indicators for feature access or directory numbers)
- Mini-console capabilities such as Direct Station Select (DSS), Busy Lamp Field (BLF), and Camp-on that let you handle calls quickly and efficiently

New Design for Enhanced Functionality

- Sleek, low-profile styling that requires minimum space
- Enlarged keypad and control bar for easy dialing and volume adjustment
- Color-coded, conveniently-placed Hold and Release keys
- Colors available: Ash, Black
- Designation labels and key caps included
- Desk or wall mountable (integrated wall mount kit included)
- Provides basic telephone service in the event of a power failure

Technical Specifications

- Length: 9.48 in. (237mm)
- Width: 10.40 in. (261mm)
- Height (front): .728 in. (18mm)
- Height (rear): 3.645 in. (92.6 mm)
- Weight: 2.5 lbs. (1.14 Kg)
- Power requirements: AC/110 Volts

* Functionality of some features assumes availability and customer subscription to service provider offerings.
